Spring Fishing and Camping Trip April 9 -13 at Cherry Hill Campground

The Rabun Chapter's Spring Campout will be held Wednesday, April 9 through Sunday, April 13, at the Cherry Hill Campground, located off Hwy 107 in South Carolina. Everyone is invited! You do not have to be a Chapter member to attend and we especially welcome guests, spouses, and children.

This campground has approximately half the sites on a reservation system and half the sites on a first-come, first served system. It is highly recommended that you reserve your site soon, well in advance of the campout. To reserve a site, go to <http://www.recreation.gov/>. The Chapter has site #16 reserved for the gathering place for meals, sitting around the campfire, story telling. Water is available (restrooms, showers) but we always need firewood.

This will be a campout with "communal" meals, therefore we need a head count on who will attend and what meals they will be eating in order to buy groceries. Wednesday will be dinner only, Thurs - Sat will be breakfast and dinner and Sunday will be breakfast only. For Lunch we will have grab & go meals, like beanie weenies etc. The breakfast & dinner meals will be \$5.00 per person per meal. Please respond to Michele Crawford with your food reservations at crawfordart@windstream.net or 706-490-4574.

Trout Camp 2014

Camp week is set for June 8 - 13. Betty's Creek Clean up day is set for Saturday May 31 from 9 am to 12 noon.

To volunteer and work at Trout Camp you must complete A background check form. Please contact Charlie Breithaupt At 706-782-6954 or at knc615@windstream.net to have the Form emailed or mailed to you and then get it back to Charlie Before the April 1 deadline on the background checks.

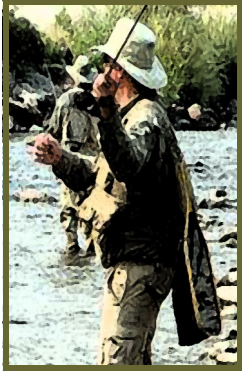

Don't miss out on being a part of one of the most Rewarding and grand events by Georgia TU!

Rabun Rendezvous 2014

To everyone that donated and to all that came to the event we want to again say "THANK YOU" !! Our coordinator is currently double checking all our totals and list of donors to make sure we don't leave no one off. So check back next month to view our long list of always generous donors who support our mission !!

HATCHERY WORK DAY (Feb 1) The snow had melted and the water was down when eleven Rabunites joined forces with an equal number of volunteers from the Foothills Chapter to remove a couple of dilapidated fishing piers from Lake Burton. Under the direction of personnel from the Hatchery, the workers moved in with wrecking bars and sledge hammers. The rotten lumber was loaded on a trailer destined for the Rabun County dump.

After carrying off the last scrape of old wood, the volunteers gather for lunch provided by the Hatchery staff. A pot of made-from-scratch chili with rice and all the fixings, washed down by iced tea (sweet, of course), disappeared almost as fast as the old piers in the lake. All were able to finish the feast with home-made cupcakes and coffee.

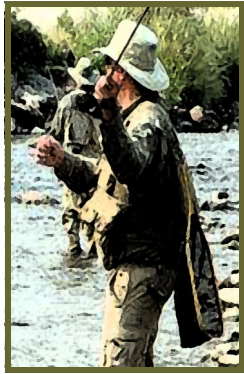

It was a good day of hard work, cooperation and camaraderie. Thanks to all the volunteers and the folks at Lake Burton Hatchery. We made the fishing better!

Annual Chattooga Coalition Meeting was held on Feb 4, 2014.

DNR reported on the trout stocking program and gave information reported to them from their online angler diary program. In the online report GA anglers accounted for about 87% of the total reports and Rabun anglers accounted for 24% of that total. The report showed that approximately 77,000 trout were stocked into the Chattooga River in 2013. The delayed harvest section was the most popular fishing destinations for anglers who reported online. Catch data was down about 20% from 2012. Storms and high water probably contributed to the decline. In summary the online diary does provide useful information at a very affordable cost that improves the understanding of the fishing pressure, catch and angler use patterns. Greater participation in the online diary should be promoted and encouraged.

The Annual Planning Meeting was held on Saturday, Feb 8, 2014 at the Dillard House.

Rabunite members ate a fabulous Dillard House breakfast then got right to work planning out the 2014 agenda. Monies were budgeted out and allocated to our events that promote our mission and we set the calendar for FY 2014. The Chapter has a total of \$35,966 available before expenditures.

The results of the 2014 Budgeted Expenditure Planning are as follows:

CHAPTER OPERATIONS - \$4,900 (Includes: newsletter, website, annual planning breakfast, memorials, equipment, administrative supplies, meeting expenses, postage)

YOUTH & EDUCATION - \$10,785 (Includes: funding for up to 4 kids to attend the 2013 GA Trout Camp, Smithgall Woods Youth Education Program, UGA Graduate Level Coldwater Research Endowment, Project Healing Waters for Wounded Warriors, GA DNR Outdoor Adventure Day at Unicoi State Park, Casting for Recovery, Kids Fishing Event with US Forest Service at Tallulah River, 5 gift TROUT magazine subscriptions to libraries and state parks in Rabun County, gift TU memberships for Stream Explorers and others, Rabun County Middle School Mentoring, Boy Scouts Merit Badges in Fly Fishing.)

CONSERVATION PROJECTS - \$7,700 (Includes: Tallulah River Clean-up, Funding for College Interns Working in Wild Trout Habitat Enhancement with GA WRD, In-stream Volunteer Workday, Stream Project with US Forest Service, Construct Handicap Access for Tallulah River. NOTE – the backcountry helicopter stocking of the Chattooga North and West Forks will be funded by the donations made to the Tom Landreth Memorial Fund)

NATIONAL PROGRAMS - \$4,000 (Includes: the Youth Education Initiative, Southeastern Land Protection Coordinator, Embrace-A-Stream program & the Cold Water Conservation Fund) **TU OUTREACH.**

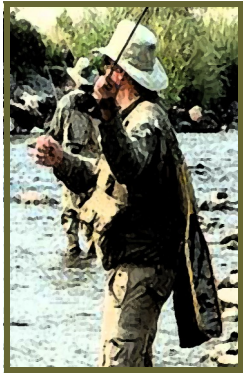

OTHER - \$3,700 (Contingency Fund)

Total 2014 Budget: \$31,085

Rabun TU regular monthly meeting was held on Thursday, February 20, 2014. Our original speaker Steve Perry had an emergency out of town appointment and had to cancel his presentation. Jeff Durniak "stepped up to the plate" and filled in with a presentation entitled "Dredger's Treasure Chest", in which he went through all the pockets of his fishing vest. A lively discussion ensued with Chapter members revealing what other items they included in their vests. First prize for the oddest item went to Kyle Burrell; what was the odd item in his vest? You'll just have to ask him!

Jeff "Dredger" Durniak explains important items to keep in your fly fishing vest.

Trout Unlimited recently updated their web site. The new web site features even more information, news, events, fishing tips, conservation efforts, trip ideas, and much more. Trout Unlimited is committed to keeping a strong concentrated effort on cold water conservation. You will be amazed at all the strong partnerships TU has with other agencies to carry out their mission of conservation. TU National along with all the state and local chapters always have items that need for members to take action. Most are vital to keeping clean healthy water in our watersheds. The link below takes you to the take action section of their web site. Check this section monthly to see if you can help in any way to protect rivers & streams.

Beginner's Box

When first starting out it can all be intimidating. Not knowing where to turn for help can be aggravating and hold one back from learning to do what they know will give them years of great fun and pleasure. The best season of trout fishing is coming up quick. As a newbie sometimes the excitement can overcome common sense.

Experienced Angler Box

When the season cranks up over the next few weeks everyone is so excited so they head out. Many times this can create a rent a rock environment on the rivers and streams. Even the most experienced anglers have a hard time working their way through the water in crowded conditions. Click on the link below for a refresher class on dealing with crowds on the river.

Notes from the President

What's Ahead?

In last month's Prez Notes I gave a short report on the accomplishment of the 27th annual Rabun Rendezvous, including a report on how much money was raised and how those funds will be spent. In that column, I said those funds will allow us to continue and build upon the good work already being accomplished by the Rabun Chapter. In addition, I alluded that we have planned several new ventures in 2014 to further our mission. I would like to take this opportunity to let you know of some of those ventures.

During my term as Chapter President, the Board of Directors has consistently supported an emphasis on youth outreach. From bringing Franklin Tate, TU's National Youth Outreach Director, to be the guest speaker at the 26th annual Rendezvous, to providing support to local Scout Troops, to assisting with Kid's Fishing Events, the Chapter has already done great work in youth outreach. Now the Rabun Chapter is furthering that commitment to youth by sponsoring a Trout in the Classroom project at the Rabun County Primary School. Trout in the Classroom is an environmental education program in which students in grades k-12 raise trout from eggs to fry, monitor tank water quality, engage in stream habitat study, learn to appreciate water resources, begin to foster a conservation ethic, grow to understand ecosystems. Most programs end the year by releasing their trout in a state-approved stream near the school or within a nearby watershed. The Chapter contact for this program is Jerry McFalls. For more information on Trout in the Classroom, click here: <http://www.troutintheclassroom.org/>

Next, the Rabun Chapter, in conjunction with the Foothills Chapter, will support our wounded veteran's through Project Healing Waters. Project Healing Waters Fly Fishing, Inc. is dedicated to the physical and emotional rehabilitation of disabled active military service personnel and disabled veterans through fly fishing and associated activities including education and outings. The Chapter contact for this program is Steve Perry. For more information on Project Healing Waters, click here: <https://www.projecthealingwaters.org>.

Finally, the Rabun Chapter has begun a new and exciting outreach to women anglers and conservationists. There is a growing community of women who enjoy angling and want to keep America's rivers cold, clean and fishable. This year we will place a special emphasis on connecting with those women and including them in our Chapter. The Chapter contact for this program is Michele Crawford. To help initiate this outreach, Trout Unlimited is offering a free introductory membership to TU for female anglers. For more information, click here:

<https://www.tumembership.org/women>.

I hope you will continue to support the Rabun Chapter as we build new relationships with youth, veterans, and women. Your hard work, fund raising efforts, and volunteerism have made this all possible. These are certainly good times to be a part of the Rabun Chapter.

A handwritten signature in black ink that reads "Pat Hopton".
