## Letter from the President

Fishing season is about to be upon us once again. I know that for you real trout bums it never really ends, but for the rest of us it is time to get ready to hit the water. Charlie Breithaupt reports that he and Wayne Prosser visited the Chattooga DH two weeks ago only to find the lowest and clearest water that he can ever remember seeing. The good news is that I believe that we may receive some much needed rain over the next couple of weeks.

For those of you that might be interested Rabunite Mike Fuller is working on a plan to organize future trips to western North Carolina to sample their Fly Fishing Trail. This is the only trout fishing trail in the country to my knowledge and it encompasses fifteen different streams/rivers throughout western section of the state. Check it out at [www.flyfishingtrail.com](http://www.flyfishingtrail.com) and stayed tuned for more detailed information.

As I close, I also want to remind you that you still have time to sign up for the trip of a lifetime to the Naknek River Camp in beautiful Bristol Bay, Alaska where you will enjoy a week's guided fishing, lodging and meals all for an unbelievably low price. For Rabun TU members, the trip will only cost \$1,200. TU members from other chapters can get in on the trip for \$1,300 and non-TU members can enjoy the trip for \$1,500. You can choose between either of the last two weeks in June or the last two weeks of September. Having fished Alaska for the last sixteen plus years I can assure you that you will not find a better deal anywhere.

.....continued on next page.....

## Notes from the President

If the thought of catching dolly varden, several species of salmon, grayling, northern pike and monster rainbow trout in the 30 + inch range appeal to you then visit their website at [www.naknekrivercamp.com](http://www.naknekrivercamp.com) for a look at what could be in store for you. The only requirement is that you put down a 50% deposit by April 1, 2017 in order to lock in the trip. You can contact myself or Past President Steve Perry for more information or details on reserving your spot.

Don't forget our monthly chapter meeting are 6:30 P. M. on the third Tuesday of each month at Rabun Gap Presbyterian Church in Rabun Gap, Georgia. Hope to see you at a meeting soon. And just remember *"If people concentrated on the really important things in life, there'd be a shortage of fishing poles."* (Doug Larson)

# Thanks to all who made the 2017 Rabun Rendezvous successful:

The Rabun TU Chapter celebrated our 30<sup>th</sup> Annual Rabun Rendezvous this year! This is a tremendous milestone for our chapter. “Old Man Winter” smiled on us this year in that he held off the snow, but did provide us with some much needed rain. The clouds parted and we celebrated the kick-off with dry conditions. Thanks to the Dillard House, Foxfire Boys and our guest speaker, Beverly Smith, Vice-President for Volunteer Operations, TU National. Beverly talked about TU, some of its history, roles within the organization and interaction with chapters across our country. Her main focus was “Community”. We are indeed a community and it was evident as we looked around the room and saw the participation from multiple TU chapters and attendees from several states. Beverly shared some great stories that contained a few familiar names, like Doug, Charlie and Kyle. She talked about her interaction with her family and the greater TU family. We felt the presence of missing, but not forgotten members of our TU family in “Around the Bend.” We are indeed blessed to be part of a community who love the outdoors. Thanks to all who were able to attend the Rabun Rendezvous! Those of you who weren’t there, we hope to see you next year. Come be part of our community!

## TIE-ONE-ON AT BASSPRO SHOP

For the past several years BassPro in Lawrenceville, GA has hosted an annual Trout Unlimited event called Tie-One-On. TU members from all over the state gather to tie flies, promote TU and socialize with each other and the public shopping at BassPro. BassPro generously donates tying material and chapters donate money to the program which, in turn, goes to support youth education for cold water conservation in Georgia. Some spectators, both young and old, took advantage of the opportunity and tied a fly under the direction of a seasoned tier. Those who did went away with their own fly and, if and when they catch a trout on that fly, will feel a great sense of pride.

Representing the Rabun Chapter was Frank “Much Plunder” Tolbert, “Tying” Terry Rivers, Phil “Feathers and Thread” Upchurch, Charlie “San Juan Only” Breithaupt and Rabun Chapter Secretary and State Council Vice-Chair Kathy “Ain’t Tying Nothing” Breithaupt who manned (or womaned) the display table and sold Dream Trip tickets and TU good-will.

A good time was had by all. Lunch at the local food court provided “people watching” that, while different in many ways, rivaled a late night visit to our local Wal-Mart for uniqueness and, in several cases, sheer size. WOW!!

## **TROUT STOCKING WILL BEGIN EARLIER IN 2017**

GAINESVILLE, Ga. (Mar. 7, 2017) – Take advantage of beautiful spring weather and plan a trout fishing trip to the north Georgia Mountains! How about an early trout stocking to sweeten the deal?

The Georgia Wildlife Resources Division (WRD) and the U.S. Fish and Wildlife Service will cooperatively stock 40,000 trout in Georgia during the week of Mar. 6, giving anglers their first opportunity to harvest some freshly stocked trout in 2017. Regular weekly stockings for the 2017 stocking season begin on Mar. 20, when an additional 70,000 trout will hit the water.

Despite the low stream flows being experienced in north Georgia, the trout stocking program is still aiming to stock one million fish this year.

“With the current spring-like conditions and all trout waters open to fishing year-round, we have decided to stock approximately 40,000 trout two weeks early,” says WRD trout stocking coordinator John Lee Thomson. “Due to the mild winter, we have experienced excellent trout growth in our hatcheries and with the continuing low stream flows, these fish have outgrown the available hatchery space giving us the opportunity to stock a few weeks early this year.”

Some popular stocked streams that will receive trout during this early stocking effort include Cooper Creek in Union County, Tallulah River in Rabun County, Dicks Creek in Lumpkin County, Holly Creek in Murray County, and Johns Creek in Floyd County. The daily limit is eight trout on general regulation trout waters. Anglers are reminded to respect private property rights along streams flowing through private lands and to obtain permission before fishing on private property.

Anglers must possess a current Georgia fishing license and a trout license to fish in designated trout waters and to fish for or possess trout. Anglers must also possess a wildlife management area license or Georgia Outdoor Recreation Pass (GORP) in order to fish on certain WMAs. Find a list of designated areas at [www.georgiawildlife.com/Georgia-Outdoor-Recreational-Pass](http://www.georgiawildlife.com/Georgia-Outdoor-Recreational-Pass).

Anglers must possess a current Georgia fishing license to fish in public waters. Where can you get a license? Buy it online ([www.gooutdoorsgeorgia.com](http://www.gooutdoorsgeorgia.com)), at a retail license vendor (list at [www.georgiawildlife.com/licenses-permits-passes](http://www.georgiawildlife.com/licenses-permits-passes)) or buy it by phone at 1-800-366-2661.
